needed liberation."

"You have much to learn," he re-
turned. "Do you know that the army of
the unemployed now numbers nearly a
million? Do you know that there is
an organization among them and their
more fortunate brothers, aggregating
a quarter of a million, which is sworn
to change the existing order of things
so that every man shall have an equal
opportunity? Listen a moment. I
could gain control of this organization
and increase it to 10,000,000 if I had
your opportunities to command a bil-
lion and a half dollars of cash."

"Of what are you talking?" Her
tone now was a frightened one.

ous order of things, a new social sys-

tem, a new form of government which
shall guarantee to every man an equal
distribution of earning capacity. I
need to rally 10,000,000 men to the
new cause. It will cost \$150 per man.
That amounts to a billion and a half
of dollars. You have, let us say, in-
fluential friends who have plenty of
money—solid cash. Join me, help me
to raise this money; help me to carry
through to its glorious conclusion this
enormous benefit to humanity, and no
king and queen will have a firmer and
a more honored place in history than
we shall have."

"It is a dream of folly," she protest-
ed. "You would expend all this enor-
mous amount of money if you had it in
promoting only a new reign of terror."

"By no means," he declared and
laughed. "My 10,000,000 men would
need but to show their teeth and it
would all be over. There need not be a
blow struck."

The voice of Mrs. Rensselaer broke
in upon them, peremptorily calling
upon Lillian for some music.

"Coming," replied Lillian. She turned
to Blagg. "I must go in now," she
said to him. "Your talk is perfectly
silly, but it is amusing, too. I find it
quite curious—and interesting."

She hurried into the house, leaving
Blagg alone on the porch. As soon as
she had gone Blagg stepped down into
the grounds and disappeared. Rollins
sat quite still and thought for a long
long time.

DECREASE SHOWN IN VETERAN CAMPS

Report of Adjutant General
Shows Work of Reaper
in the Ranks.

Little Rock, Ark., May 17.—The
report of Gen. William E. Mickle, adjutant
and chief of staff, submitted to-
day to the United Confederate veter-
ans, shows 34 camps added during
the year, 47 dropped and 1183 now ac-
tive. Disbursements during the year
were \$623,361; receipts, \$329,322. Of
the prominent men who have died
during the year, the report says:

"In no year in the past have we
been called on to part with more dis-
tinguished associates than in the year
just closed. As officers in the Con-
federate army, able writers, forcible
speakers, leaders in commercial clubs,
no organization can make such a
showing of leading men."

"Brig. Gen. E. P. Alexander, C. S. A.;
Brig. Gen. Geo. D. Johnston, C. S. A.;
Brig. Gen. Wm. L. Cabell, C. S. A., and
Lieutenant general commanding trans-
Mississippi department, U. C. V., from
his formation; Brig. Gen. Pinckney D.
Bowles, C. S. A., and the following
members of the staff of the com-
manding general: Brig. Gen. Page M.
Baker, Col. Wm. H. Daniel, Col. E. A.
Harvey, Col. Wm. H. Johnston, Col. E.
L. Russell."

The business session of the United
Confederate Veterans was brought to a
close with the selection of Macon, Ga.,
as the reunion city for 1912, and the
election of officers. Today the parade,
for which these reunions are famous
will take place and tonight the con-
federate hall will be given.

The following officers were re-elected:
Commander in chief, Gen. Geo. W. Gordon,
Memphis, Tenn.

Department commanders: Army of
Northern Virginia, Lieut. Gen. C. Ir-
ving Walker, Charleston, S. C.

Army of Tennessee, Lieut. Gen. Ben-
net H. Young, Louisville, Ky.

Trans-Mississippi, Lieut. Gen. K. M.
Van Dant, Fort Worth, Texas.

The veterans put their stamp of ap-

President Taft in response to his greet-
ing to the gathering.

PROPOSES TO BUILD A NEW POSTOFFICE

Las Cruces, N. M., May 18.—The
Las Cruces Building and Improvement com-
pany has sent to Washington a bid
for furnishing new quarters for the lo-
cal postoffice. The company agrees to
build a two-story brick building on the
site now occupied by the local land
office on the east side of Main street,
the upper story to be used by the land
office and the lower story for the post-
office.

The building will be 26 by 80 feet in
size, equipped with all modern con-
veniences and furnished with a complete
postoffice outfit. The business of the
postoffice has increased so much
that the present quarters are absolutely
inadequate, and it is an imperative
necessity that new quarters be fur-
nished. The government agrees in its
request for bids to take a five year
lease on the building furnished, subject,
however, to cancellation upon short no-
tice.

FIRST NOTICE OF 220 ACRE HOMESTEADS RECEIVED

Las Cruces, N. M., May 18.—The
United States land office at Las Cruces
has just received advice from the sec-
ond office of the interior at Washington
that certain tracts of land have been
designated as subject to entry under
the act of February 19, 1905, com-
monly known as the "homestead" or
"30-60" act. This designation
took effect on May 1, 1911, and this is
the first designation of such lands in
the southern part of the territory.

Entries made under the enlarged
homestead act are being made, and
the regular five year final proof
must be made in all cases. In addition
the showing required in ordinary homestead
proof, it must be shown that at
least one-eighth of the area embraced
in each entry has been continuously
cultivated to agricultural crops other
than native grasses, beginning with
the second year of the entry; and that
at least one-fourth of the area em-
braced in the entry has been contin-
uously cultivated in agricultural crops
other than native grasses, beginning
with the third year of the entry and
continuing to the date of the final
proof.

The fee in entries made under this
act are the same as in ordinary homestead
entries, that is, 75¢ for 80 acres or
less, and \$10 for any area over 80 acres;
the original and final commissions be-
ing \$150 for each 40 acres, making the
total commissions on a homestead ap-
plication for 320 acres amount to \$220.

DEAL IN LOWER VALLEY LAND IS MADE AT LAS CRUCES

Las Cruces, N. M., May 18.—Sam Rey-
nolds, of El Paso, and Miss Anna Mead,
of La Mesa, have just closed a deal
whereby they have sold to Dr. H. R.
Evans, chief surgeon of the Southwest-
ern railroad, with headquarters at
Dawson, N. M., 40 acres of land, sit-
uated about one and one-fourth miles
southwest of La Mesa. About 20 acres
of this land is now in cultivation and the
balance is in good condition and will
require very little work to put it in
condition for crops. The price paid was
\$2500.

IS PREPARING FOR THRESHING SEASON

Las Cruces, N. M., May 18.—R. E.
French, of this city, who operated one
threshing outfit in this valley last sea-
son, has just received a second outfit,
including a new style threshing ma-
chine with stacker, self feeder and
bagging attachment; and also a new
20 horse power gasoline engine. This
makes two complete outfits which Mr.
French has ready for service, and he
already has enough advance orders to
keep both outfits busy throughout the
entire season.

The wheat acreage in Dona Ana
county this year has more than trebled
over that of last year, the crop being in
the very best of condition and the yield
being conservatively placed at from 40
to 60 bushels per acre.

The Lucero mill in this city and the
Miller mill at Anthony have received
assurances of the receipt of enough
grain to keep them in operation all
year, and they will run on home-grown
grain instead of having to ship the
same in from the states as has been
the custom heretofore.

A MOTHER'S DUTY

It is the duty of every expectant
mother to prepare her system for the
coming of her little one; to avoid as
far as possible the suffering of such
occasions, and endeavor to pass
through the crisis with her health
and strength unimpaired. This she
may do through the use of Mother's
Friend, a remedy that has been so
long in use, and accomplished so
much good, that it is in no sense an
experiment, but a preparation which
always produces the best results. It
is for external application and so per-
etrating in its nature as to thoroughly
lubricate every muscle, nerve and ten-
don involved during the period before
baby comes. It aids nature by ex-
panding the skin and tissues, relieves
tenderness and soreness, and perfectly
prepares the system for natural and
safe motherhood. Mother's Friend
has been used and endorsed by thou-
sands of mothers, and its use will
prove a comfort and a benefit to any
woman in need of such a remedy.

WORDS ARE TOO FEEBLE

To Express Mrs. Stalling's
Gratitude, for the Good
that Cardui Did to Her.

Wills Point, Tex.—"I sure would
have died," writes Mrs. Victoria Stall-
ings, of the above place, "if I had not
gotten relief by the use of Cardui, as I
did."

"I did not recover from my confine-
ment as I should, so my mother, Mrs.
H. A. Lee, advised me to take Cardui,
and after taking half a bottle I was
soon all right."

"Before taking Cardui I had a dread-
ful cough and suffered awful pain, but
now I am stronger and in better health
than I ever was in my life."

"I cannot say half enough in regard
to its merits. Words are too feeble to
express our gratitude for this great
medicine."

"You can tell the world what Cardui
did for me. I advise all suffering
ladies to try it."

Once given a thorough trial, Cardui
will always remain the preferred,
standard remedy, for all the ills that
afflict women—the tonic to use, when
new strength is needed, to build up
the weary body and nerves.

Prepared from perfectly harmless,
vegetable ingredients, containing no
mineral drugs, no glycerin or other
possibly deleterious ingredients, Cardui
is the best remedy for you to use,
since it can do you no harm but good.
Thousands of ladies have regained
their health as a result of taking Cardui.
